BIBLE READING PLAN

WHOLE BIBLE IN UNDER 2 YEARS

This Bible Plan journeys through the entire Bible in under two years, with both Old and New Testament readings every day. You'll follow the Old Testament chronologically, with the Psalms and prophets intermingled as they fit with the history. Every day includes a passage from the New Testament to show the Bible is one story pointing to Jesus. Every seventh day is a pause to reflect on what you're learning.

**Please join us starting February 8th.
